Industry

Manufacturing

Our downloadable report, *Legal Insights for Manufacturing*, explores how the business, legal, and regulatory framework is evolving—and will evolve—to address the large generational shifts taking place. This year, our report covers the following areas:

Labor and Employment
Regulatory & Compliance

International Trade & Supply Chain

Cybersecurity

Corporate Transactions

Product Liability, Safety & Marketing

We also have special sections devoted to the cosmetics industry, the implications of artificial intelligence for intellectual property, and PFAS-related litigation.
