Collins and Cochran Named ABA Health Law Section Vice Chairs

Two Husch Blackwell attorneys, Lauren Collins and Ellee Cochran, have been appointed Vice Chairs of the American Bar Association's Health Law Section.

Collins, an associate in the firm's Denver office, has been appointed Vice Chair, Business & Transactions. She will help create and share thought leadership around the Health Care business and transactions practice area.

Cochran, an associate in the firm's Austin office, has been appointed Vice Chair, Managed Care and Insurance. She will help create and share thought leadership around the managed care industry.

The 10,600-member ABA Health Law Section is the voice of the national health law bar within the ABA. Section Vice-chairs support the role of the chair in leading the Interest Group by participating in the development of the annual plan, and implementing programs and creating content for the Interest Group members throughout the year.
