# Husch Blackwell Guides Edged Kansas City in 18 MW Data Center Development

Husch Blackwell recently secured the approval of a development plan and preliminary plat on behalf of Edged Kansas City from the City of Kansas City, Missouri, for the development of a high-end, 18-megawatt waterless-cooled data center.

Site work has begun with a target completion date of August 2024. Tenants will include some of the largest tech companies in the United States.

Led by Chris Kline, the Husch Blackwell team also included Karin Jacoby.
