2024 Project Perspectives: The Role of Public-Private Partnerships in U.S. Transportation Electrification

ENERGY TRANSITION GOALS WILL BE DIFFICULT TO ACHIEVE WITHOUT SIGNIFICANT PRIVATE INDUSTRY INVESTMENT AND KNOW-HOW.

Husch Blackwell's Michael Blackwell explores the gap between present reality and the stated goals for transitioning the United States from a mainly fossil fuel-based system to one that utilizes a more diverse and sustainable energy mix. He reasons that there are opportunities for private business to partner with government to develop solutions; however, effective government programs must offer clear terms to attract private investment.
