OVERVIEW

Drew helps clients creatively solve problems and capture opportunities.

Drew has experience representing clients in mergers and acquisitions, restructuring transactions, negotiating joint ventures and partnerships, and financing transactions. With a focus on the energy industry, he helps clients in the acquisition, development, and financing of wind and solar projects as well as other energy assets.

In addition, Drew has advised private equity firms in structuring, negotiating and managing investments in companies across a broad range of industries.

Drew's ability to analyze and strategize transactions creatively and pragmatically is appreciated by clients of all sizes and stages of growth. He works closely with each client to provide transactions that not only meet legal requirements but foresee future growth and individual business goals.
