OVERVIEW

Katie enjoys assisting attorneys and clients in healthcare regulatory matters, allowing businesses to focus on growth and patient care.

Katie assists attorneys as they guide healthcare providers, businesses and other industry clients through complex compliance issues. She understands that handling proactive regulatory issues up front allows healthcare clients to form and expand business, focusing on growth and patient care. Katie enjoys being part of the legal team that recognizes potential problems, then addresses, solves and eliminates them with regard to:

- Licensing applications
- Government healthcare investigations
- Medical staff and operational matters
- Medicare and Medicaid enrollments

Katie also has experience facilitating administrative complaints and litigation matters. She has managed numerous cases at the state and federal levels from discovery through trial. In or out of the courtroom, Katie believes in working closely with clients, using streamlined technology and innovation to provide cost-efficient service.
