

## HUMAN TRAFFICKING COMPLIANCE

Husch Blackwell is the first firm nation-wide to provide tailored compliance plans for clients who have liability risk for human trafficking within their supply chains and to provide compliance programs for government contractors, which are required by federal regulations aimed at halting human trafficking. We draft customized corporate policy manuals; lead internal investigations; provide required certifications for prime contractors, subcontractors and agents; conduct audits; and offer employee training.

Our team of experienced and dedicated attorneys includes a former federal prosecutor who was responsible for prosecuting more human trafficking cases than any other assistant U.S. attorney in the country and former FBI agents who investigated human traffickers nation-wide.

As part of our commitment to pro bono service, the firm also represents trafficking victims through our Human Trafficking Legal Clinic. Learn more about how we protect those who need it most:

*Ninety percent of the work that we do is for the U.S. government, and we needed boots on the ground in D.C. to help us out. [Husch Blackwell professionals] in the D.C. office are making the contacts and helping us develop relationships. They have opened so many doors. The outcomes have been tremendous.*
